

Del Favero Oasis is a unique venue in the heart of Tampa that will take your breath away

We are a hacienda-inspired space that features hand-crafted tables, wrought iron decor, hand-painted Mexican tile and antique Spanish windows. **We are not a barn-venue;** our open air reception pavilion will transport you thousands of miles away to a European viranda, nestled within the exotic flora of South Florida. Get ready for the big day in our cozy bridal dressing suite, and celebrate the rest of your lives together under our breathtaking oak. There is no other property in the Bay area quite like ours. Here, you can create the wedding of your dreams in a private, tranquil and convenient location that your friends and family will love.

Timeline & Property Access

Venue rental is a 6-hour event window with a maximum end time of 10PM. Vendors have access to our property for **three hours prior** to the start of your wedding. If you plan on getting ready in our bridal dressing room, you and your wedding party have access to the property **five hours prior** to the start of your wedding.

Rehearsal

You will have one hour of property access for ceremony rehearsal. We cannot guarantee the day or time of rehearsals but we will try to accommodate as much as possible.

Rain Plan

Although our pavilion reception area is covered we **highly recommend you rent a tent for the cocktail hour space if you are having a larger reception**. As for ceremony, our ceremony area is fairly protected by large oak branches, so if it's just a light sprinkle your guests will be ok with umbrellas, and if it is more than a light sprinkle, you can shift ceremony under the pavilion.

Travel

We are just 15 minutes from Tampa International Airport and dozens of beautiful hotels and AirBnBs, and our central location is easily accessible by Uber or shuttles. Out of town guests have multiple options for places to stay, and you and your wedding party can make the wedding a weekend-long celebration.

Private Event Insurance

The last thing you want is to be financially liable for any accidents or damage caused by your guests. That's why we require couples to obtain private event insurance. This insurance often covers unforeseen accidents that cause damage to a venue's property, and you can also upgrade your insurance to cover other concerns. We work exclusively with [EventSured](#) to make the process simple.
